FY2021 (Fiscal Year ended March 2022)

—Environment Philosophy —

- Social responsibility
  The DAISHINKU Group contributes to creating a progressively developing society through environmental conservation activities which are harmonious with the environment.

- Compliance to legal and regulatory requirements
  The DAISHINKU Group observes statutes and regulatory requirements and is engaged in the development of environmentally friendly products.

—Policy —

Throughout all areas of its' business activities, from the development, production and sales of its crystal applied products, the DAISHINKU Group business policy promotes universally trusted environmental management activities.

1) Take the initiative in energy and resource saving by properly controlling the substances with environmental impact and reducing the use of them.

2) Effectively utilize resources and prevent environmental pollution through the reduction and proper disposal of waste, including reuse and recycling.

3) Prevent global warming by carrying out energy conservation activities and CO_2 emissions reduction.

4) Avoid the sourcing or use of minerals that directly or indirectly finance or benefit armed groups in the Democratic Republic of the Congo or adjoining countries.

5) Observe relevant environmental laws, standards, agreements and any other requirements to which the company subscribes.

6) Set environmental targets based on this Environmental Policy and whilst promoting these activities also continuously strive to improve the environmental management system to enhance the environmental performance.

7) Educate all employees and those who work for our group in our environmental policies and raise their awareness of environmental conservation through the educational and awareness-raising activities.

8) Ensure information on our environmental conservation activities is available to the public.
