The DAISHINKU Group continues to create new values through activities with consciousness of harmonization with the global environment, and contributes to the development of electronic society and the realization of a sustainable society.

- Compliance to legal and regulatory requirements

The DAISHINKU Group observes laws, regulations and their spirit and engages in corporate activities with consciousness of harmonization with the global environment.

— Policy —

The DAISHINKU Group aims for further corporate growth by challenging the realization of carbon-neutrality with stable supply of products and environmental response as its core management.

In FY2031, Scope1+2 Carbon Neutrality Challenge
Scope 3 CO₂ Emissions 25% Reduction
(Compared to FY2024)

- 1) Take the initiative in energy and resource saving by properly controlling the substances with environmental impact and reducing the use of them.
- 2) Continue to provide environmentally friendly products and reduce CO₂ emissions in order to achieve "Scope1+2" carbon-neutrality in FY2031.
- 3) Effectively utilize resources and prevent environmental pollution through the conservation and effective utilization of water resources, the reduction and proper disposal of waste, including reuse and recycling.
- 4) Promote avoidance of the sourcing or use of minerals that could cause serious human rights violations and conflicts in Conflict-Affected and High-Risk Areas (CAHRAs), and engage in responsible procurement activities with reference to "Annex II of OECD Due Diligence Guidance for Responsible Supply Chains of Minerals from Conflict-Affected and High-Risk Areas".
- 5) Observe all rules, including laws, regulations and established social norms.
- 6) Set environmental targets based on this Environmental Policy and whilst promoting these activities also continuously strive to improve the environmental management system to enhance the environmental performance.
- 7) Educate all employees and those who work for our group in our environmental policies and raise their awareness of environmental conservation through the educational and awareness-raising activities.
- 8) Ensure information on our environmental conservation activities is available to the public.
